

Want to raise your profile and learn about the UK's top digital strategies?

Here's how to apply to judge at the UK Digital Experience Awards 2020

Express Your Interest

Phone Filip Lampic on +44 20863 88015 or email filip@awardsinternational.com to provide an overview of your experience and find out more about the Awards.

Looking at your CV or LinkedIn profile, we will ensure you meet our high standards and find a category that suits you. This usually takes 24 hours.

Awards International Review Your Application

For £349 in the early bird period, and £399 thereafter +VAT, you can sit on the judging panel, attend the gala dinner and watch the Awards ceremony. Your profile and company logo will be displayed on our Meet The Judges webpage, and you will receive a promotional graphic to use on social media.

Confirm Your Place

For the first phase of judging, you will be allocated 5-9 entries to assess. You then have four weeks to review, score and comment on these entries using our online submission system.

Online Judging

On 16th July 2020, you will conduct the second phase of judging by assessing a series of 30 minute presentations. You will have the opportunity to ask questions, then write your scores and provide written feedback immediately after each presentation, after which your scores will be counted immediately.

Live Judging

Take advantage of several breaks to connect with other judges and finalists, and enjoy the networking opportunities of the three-course gala dinner where the winners will be announced.

Network and Connect

Your profile can keep rising long after the Awards have finished! Use your Judge's Promo Card on your social media and submit content to the Customer Experience Magazine to establish yourself as a thought leader.

Spread the Word

"Judging at the DXA18 was a fantastic experience and I thoroughly enjoyed it from start to finish. The quality of the submissions was excellent and very interesting to read and learn more about – all of the finalists had submitted really impressive pieces of work that are a testament to the importance and impact of UX at the core of the project. It was a real honour to participate in this valuable award and I can recommend it whole heartedly."

Julia Fearn,
Senior Director, Digital Accounts, Digital River
